

PRESTON & WINGHAM PRIMARY SCHOOLS FEDERATION

# Outdoor Learning and Educational Visits Policy

## APPROVAL & ADOPTION

This policy was formally agreed and adopted by the Governing Body on:

\_\_\_\_\_ 5 March 2018 \_\_\_\_\_

**Chair of Governors**

Signed: \_\_\_\_\_  \_\_\_\_\_

## Introduction

The value of outdoor learning and educational visits are widely recognised as an important tool for supporting the education and development of children and young people, providing direct curriculum-linked activities to improve learning, skills, understanding and activity opportunities to enhance PE and extra-curricular activities. They also provide a wide range of personal development opportunities to support the development of real-life skills.

***“Learning outside the classroom contributed significantly to raising standards and improving pupils’ personal, social and emotional development.”***

Ofsted – Learning Outside of the Classroom report

<http://www.lotc.org.uk/wp-content/uploads/2010/12/Ofsted-Report-Oct-2008.pdf>

Preston & Wingham Primary Schools Federation believes in the benefits of well planned, high quality outdoor learning and educational visits and encourages schools to provide opportunities for all pupils to experience visits and outdoor activities using a range of environments, geographical, cultural and historical sites and activities to support their curriculum.

## Scheme of Delegation for the Management of Educational Visits and Outdoor Learning Activities

KCC delegates the responsibility for the safe planning and management of outdoor learning and educational visits, including residential and adventurous / more hazardous activities, to the Governing Bodies of maintained schools and Management Committees of Pupil Referral Units.

From 1 September 2017 all maintained schools and establishments will be responsible for approving their own educational visits and activities, including residential and adventurous activities. Schools and establishments must ensure that they have clear and robust systems, policies and procedures in place for the planning, safe management and monitoring of educational visits and activities.

KCC provides all schools with a **Kent Framework for Safe Practice on Educational Visits and Outdoor Learning Activities** to support and guide schools in the safe planning and management of outdoor learning activities and educational visits. The **Kent Framework for Safe Practice on Educational Visits and Outdoor Learning Activities** can be found here:

<http://www.kelsi.org.uk/Curriculum/outdoor-education>

KCC also provides maintained schools with a model policy to consider adapt and adopt which forms the basis of this policy.

## Access to Advice, Guidance, Training and Support

Schools and establishments must ensure that their staff members have access to appropriate advice, guidance and training to support their role in planning and managing visits and activities. Preston & Wingham Primary Schools Federation accesses appropriate advice and guidance by purchasing service and support packages from the Outdoor Education Advisory Service. This provides direct access to professional outdoor learning and educational visits support, guidance and technical advice. It also enables the federation to access from the Outdoor Education Advisory Service, including INSET and bespoke training, across a wide range of outdoor learning and educational visit areas - from visit management to practical outdoor learning skills and leadership qualifications.

Contact the **Outdoor Education Advisory Service** for further information on service packages, support and training – [outdoor.education@kent.gov.uk](mailto:outdoor.education@kent.gov.uk) or 03000 410 901.

## Health and Safety Responsibilities

The scheme of delegation for Outdoor Learning and Educational Visits transfers the day to day responsibility for the safe management of outdoor learning activities and educational visits to the Governing Bodies of maintained schools and the Management Committees of Pupil Referral Units.

KCC retains its legal health and safety responsibilities under the Health and Safety at Work Act as the ultimate employer of staff in Community and Voluntary-Controlled schools and Pupil Referral Units. Through the scheme of delegation the Governing Bodies/Management Committees act as the employer in the first instance.

The change in delegation of the management of the health and safety of school educational visits brings this area in line with KCC's general approach to the management of health and safety in schools.

This Guidance Note and Model Policy Statement for Educational Visits and Outdoor Learning forms an extension to the main **KCC Health and Safety Policy for Schools**. The policy can be found here - [http://www.kelsi.org.uk/\\_data/assets/word\\_doc/0010/41779/health-and-safety-policy-for-school.docx](http://www.kelsi.org.uk/_data/assets/word_doc/0010/41779/health-and-safety-policy-for-school.docx)

The principals of the KCC Health and Safety Policy for Schools apply to the safe practice and management of educational visits and outdoor learning activities, and this policy statement should be managed and implemented in conjunction with it.

All maintained schools and establishments are required to adopt a policy statement on Outdoor Learning and Educational Visits. The Preston & Wingham Primary Schools Federation has chosen to meet the policy statement requirements through the purchase of an Outdoor Education Advisory Service SLA (Package B)

## **Monitoring**

KCC will monitor, on an annual basis, compliance with the scheme of delegation and adherence to the Kent Framework for Safe Practice on Educational Visits and Outdoor Learning Activities.

For schools purchasing a service and support package (A or B) from the Outdoor Education Advisory Service, visits and activity compliance will be monitored through the EVOLVE online educational visits system and advisory support included with the SLA. **These schools are not required to submit annual audit information.**

Individual visit / activity planning and management may also be 'sample' monitored or directly inspected as required.

**OUTDOOR LEARNING AND EDUCATIONAL  
VISITS POLICY STATEMENT  
of  
PRESTON & WINGHAM PRIMARY SCHOOL  
FEDERATION**

---

**Statement of Intent:**

The Executive Headteacher and Governors are committed to establishing and implementing arrangements that will ensure:

- Visits and activities are planned to ensure the safety of pupils, staff and volunteer helpers - including appropriate risk management and assessment that is specific to the needs of the group, the planned activity and the location and environment. This includes any significant risk assessment information being communicated with those attending the visit as appropriate.
- The management of overall visit and activity planning, risk assessment and the visit approval process is carried out by a competent staff member with appropriate experience and training; an **Educational Visits Coordinator (EVC)** will be nominated in each school to carry out this role and they will attend an EVC training course, and an EVC update course every 3 years. This role is delegated to the Heads of School.
- The Governing Body has designated a Governor with direct responsible for oversight and monitoring of Outdoor Learning and Educational Visits as part of their role as the designated Governor for Health and Safety.
- Visits and activities are planned with clear educational aims and objectives, based on pupils' needs and abilities, to support high quality learning outcomes.
- Visits and activities are planned and led by competent members of school or establishment staff, with appropriate qualifications and experience as required by the activities.
- Appropriate technical expertise is sought in relation to the planning and management of more hazardous or adventurous activities, including the verification of activity leader qualifications, safe activity management, appropriate ratios, etc.
- External providers used to provide services and support, have been appropriately checked to ensure they are suitable for use on educational visits e.g. meeting nationally accepted standards and legal adventurous activity requirements (e.g. Adventurous Activities Licence),

have appropriate financial protections in place (e.g. ATOL), etc as appropriate; and hold an appropriate level of Public Liability Insurance for the activities or services provided.

- Appropriate emergency and serious incident procedures are in place to manage accidents, incidents and safeguarding issues, and visit information can be easily accessed by all those who need it in an emergency situation (this may be overnight, at weekend or during holiday periods). All staff and volunteers involved with visits receive appropriate training and briefings on dealing with emergencies.
- Information and documents relating to educational visits are appropriately stored and retained, in line with data protection and document retention requirements, to support incident management and potential investigations / court proceedings after serious incidents and accidents.
- All school and establishment staff are appropriately trained for their roles in leading and accompanying educational visits and activities.
- All visits and activities have been formally approved by the Executive Headteacher or Educational Visits Coordinator (EVC) on their behalf. Approval systems should be clearly evidenced, and involve school Governors as appropriate.
- Informed activity and medical consent has been obtained from parents / guardians as appropriate for the type of visit or activity, and that parents / guardians are given enough information to be 'fully informed' about all educational visit activity plans if specific written consent has not been gained.
- Full medical information and details of other issues such as behaviour, special needs, dietary requirements, etc have been obtained from parents and are available to visit leaders and accompanying school or establishment staff. These should be shared with provider staff where appropriate.
- Appropriate monitoring and evaluation of visits and activities takes place, to ensure quality and safety.
