

A message from the Head of School to Parents...

This week we have had a focus on Science with all classes thinking about the theme **“Change and Adapt”**.

The week started with an amazing assembly delivered by Fizz Pop science. Reception and KS1 children took part in a carousel of activities in their classes from making wormeries to rocket making. Along with some exciting hands on lessons KS2, children have visited St Edmunds, Sandwich Tech and The Archbishop’s School to take part in a science lesson at a secondary school. We hope this inspires them to explore science in the future at secondary school, college or university.

Pictures from the week are all on our website under [“Personal Development/ Science Week”](#)

Tamara Macfarlane book delivery will be next week.

Non—uniform £1. Children can wear red/ have wacky hair/ face painted. Please use the following link:
