A message from the Head of School to Parents...

Book Week

We have had such a wonderful week celebrating books and reading. The children have read to one another, explored our new library, received their Book Day book (thank you Mr Taylor) and took part in a workshop delivered by the author **Anthony Browne**.

On World Book day itself, Anthony Browne spent the day at school talking to the children about his creative writing process and how he does his illustrations. He shared that he always hides special objects in his illustrations for the reader to find, so look out for those... He was truly inspiring and we can't thank him enough for coming into our school to spend the day with us. The day ended with him cutting the ribbon for our new library, which the children love using.

The costumes were brilliant yesterday! What an amazing week, thank you Mrs Fraser for all the planning and organising!

all

Football

Well done to our school football team who beat Ash Cartwright and Kelsey 3-0. A brilliant team performance ensured another win for the school. A special mention to George who made some excellent saves and to Elliott for scoring 3 goals!

Upcoming Events
