

### A message from the Head of School to Parents... Science Week

#### Science Week: Curiosity—what is your question?

Across the school we have had a spotlight on science with two classes visiting our local nature reserve and another experiencing a secondary science lesson. In school we planned exciting science activities, opening up discussions about stereotypes surrounding science, technology, engineering, and maths (STEM) and encouraging our students to find answers to the most pressing questions they have about the world.

Fancy continuing the learning at home? Click [here](#) for an activity pack.

#### Best jokes of the day..

Why did the old man fall into the well? .....because he couldn't see that well!!! George Y6

My dad worked at a keyboard shop but he got fired because he took too many shifts! Caron Y5

Why did the toilet roll want to roll down the hill?... Because he wanted to get to the bottom! Alfie Y3

**Thank you on behalf of *Comic Relief* for your donation!**

#### We are champions week w/b 22nd June

In light of global issues coaches are costing the school so much more. While we have never asked for payment for this particular week, this year we are asking for £5 to help with the transport costs.

This has been set up on Parent Pay as two £2.50 payments.

Thank you

*Sports Day 26th June AM EY/ KS1 and PM KS2*

[Magical Maths](#)

See flyer coming home tonight for a new maths after school club starting after Easter.

Classes had a short demo today..
