

Wingham Primary School

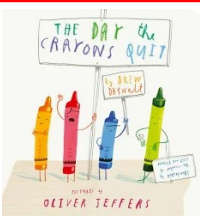

W/B 4th May 2026

A message from the Head of School to Parents

Medication

- All medication should be given into the school office and paperwork filled out. No medication can be kept in bags or lockers
- If you have given Calpol before school and think more may need to be administered—please send a bottle in via the school office. We can't provide Calpol in this circumstance as it is costing us a small fortune!

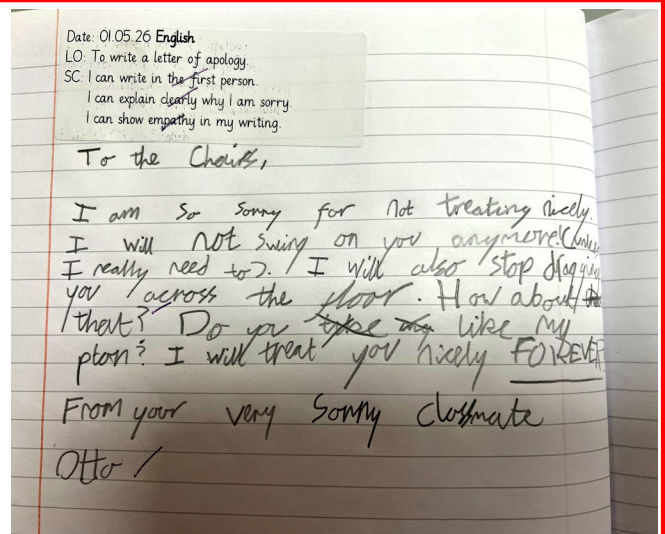

The Day The crayons Quit Year 2

Today we had a serious event in Year 2... The chairs decided to quit!

Here is a wonderful letter to the chairs apologising for not treating them nicely!

Cycling proficiency Y6—update

KCC has changed the way that Bikeability is rolled out and have decided that Level 1 will be completed in year 5 and Level 2 in year 6. I am in negotiations with the people who do the Bikeability and am trying really hard to get a course for the current year 6 class. I will let parents know once I have any further information.

Mrs Miles
