School Age Childcare Survey

The need for childcare does not stop when children reach school-age, we know that families continue to need childcare before and after school, and during the school holidays. As a result, the Department for Education is taking a strategic approach to the future of School Aged Childcare (SAC) which builds on the successes of programmes such as the National Wraparound Childcare programme, the Holidays Activities and Food programme (HAF) and the national rollout of the Free Breakfast Club programme, to ensure families are supported, year-round, by an outstanding SAC system.

The Education People's Early Years and Childcare Service is conducting a survey on behalf of Kent County Council, of parents and carers to determine their term time and holiday childcare requirement for children aged 0-14 and up to 18 for disabled children.

The information will help us assess if there are any gaps in provision and how best to meet the needs of all families. Please find below the link and QR Code. We would be very grateful if you could please complete by 17 July 2026.
