

# Wingham Primary School

## W/B 15th September 2025

### A message from the Head of School to Parents...

#### Looking after our local environment

On Monday we were joined by two members of Kent County Council who are working with Wingham Parish Council to raise the profile of littering and keeping our village clean and tidy.

After input the children had a quiz, for every question they got right, litter was thrown over an adult volunteer!! Funnily enough, they got them all right— maybe a good strategy for remembering their times tables?

Some of our children took part in a litter pick too.

There is a litter pick happening in Wingham village on Saturday 13th September from 10am to 12 starting at the Anchor inn

#### Outdoor Learning

We believe that learning outside is such a positive way for children to learn, teachers made the most out of the weather this week by doing all sorts of activities from orienteering to planet making.

#### Information and reminders

- I (Ms Douglas) am away from school for a few days next week, please see Mrs Piper, who is deputising in my absence as Assistant Headteacher, should you need anything I would normally do or help you with!
- Staff struggled to get parked on Wednesday AM, please only use the staff carpark as an overflow when the gates are opened by Miss Burke or Mrs Blackman
- The weather is changing—please bring coats in as we always like to get out but not get wet!

#### Key Dates

September
