

A message from the Head of School to Parents...

Smartphone Free Childhood is a grassroots movement of parents who believe childhood's too short to be spent on a smartphone

We're on a mission to

- 01.** Bring parents together to start new and positive conversations about the problems of smartphones and social media in childhood
- 02.** Empower parents to wait to get their kids a smartphone until at least the end of Year 9, through signing up to the Parent Pact in their region
- 03.** Demonstrate that parents are demanding change at scale, and therefore force the government and tech companies to act

Why we're doing this now

We've been put in an impossible position by the tech companies. It's a lose lose - either allow our children access to something all the evidence tells us is damaging, or say no and risk alienating them among their peers at a crucial stage of their social development. **We believe something needs to change, and it starts with all of us.**
